

Saturday Science Programs @ The Oakes Museum of Natural History at Messiah University Winter/Spring 2023

***Curators Club for Grades 3-5 9:15 AM-11:30 AM
CC2 for Grades 6-8 12:15 PM-2:30 PM***

- **Saturday January 14th: Trash Eaters!**
Discover what animals happily eat trash and how this helps them to survive!
- **Saturday February 4th: Cells and ‘Scopes!**
Use Microscopes to see plant and animals cells—the building blocks of life!
- **Saturday February 11th: Colors, Colors Everywhere!** Learn how colors are made, and what makes them different.
- **Saturday March 4th: Tree of Life!**
Trace life from amoebas to Zebras as you learn about the world of Animals!
- **Saturday March 18th: React!** Perform chemical reactions, categorize acids and bases and learn more about chemistry!
- **Saturday April 1st: Animal Super Senses**
Discover the super senses of lions, butterflies, owls and other animals!

Preregistration is \$20/student/Saturday; register for all six and pay only \$100 (a \$20 savings!). Financial assistance may be available.

Curators Club (for grades 3-5) and **CC2** (for grades 6-8) are science enrichment programs on a variety of topics in a fun learning environment at The Oakes Museum of Natural History. Curators Club and CC2 members receive a membership card for free admission to The Oakes Museum of Natural History, a certificate for three free children's admissions, and a t-shirt.

For more information and to register go to www.messiah.edu/Oakes or contact us at curatorsclub@messiah.edu or (717) 691-6082

The Oakes Museum of Natural History offers a unique museum experience featuring more than 40,000 specimens. The 10,000-square foot museum is home to a collection of Smithsonian quality African and North American mammals, birds, eggs, fish, seashells, minerals, insects, and fossils.
